# MILK Dispenser

Easy to use for children and people having disabilities. Milk tube hidden in the refrigerated area and vapour cleaning system. Different payment systems for different currencies (€, USD, Forint, Rubles and other).

Available in wood or metallic boxes with bottle/PET distributors and also fresh product dispensers.

Internal tank 100-130-200-300 or 400 litres with double pump, double agitator, and sphere of washing (only over 200 lit). Easy transporting for making the washing operations at the farm.

Automatic washing system with electronic central unit.
